

# Pediatric Lead Exposure: Diagnosis, Management & Prevention

## **On-Demand Webinar**

<https://www.pehsuclassroom.net/learn/public/course/view/elearning/77/pediatric-lead-exposure-diagnosis-management-and-prevention>

### COURSE PROGRAM INCLUDES:

#### **Pediatric Lead Exposure: Diagnosis, Management and Prevention**

Ada Otter, DNP, ARNP, NW PEHSU (video presentation)

#### **Overview and History of the Silver Valley Bunker Hill Superfund Site**

Andy Helkey, Panhandle Health District (video presentation)

With the Bunker Hill Superfund Site as a case study, this training will highlight the importance of pediatric lead screening and review the standard of care for children with elevated blood lead.
